DYNAMIC INTRANET APPLICATIONS

GAIN BUSINESS INSIGHT

INCREASE PRODUCTIVITY

REDUCE COSTS

Find out how this integrated suite of server capabilities can help your organisation by providing comprehensive content management and enterprise search, streamlining shared business processes, and facilitating information-sharing across boundaries for better business insight.

Some of the key areas to be covered include...

- SharePoint as a platform for business productivity and team collaboration
- Increasing productivity with workflow and online forms in SharePoint
- Understanding your business and sharing insight with Business Intelligence
- Find out what SharePoint can do for your business today

4 more great reasons to attend...

- 1 Understand how SharePoint technologies can deliver amazing intranets
- 2 Presentations from some of the UK's leading SharePoint specialists
- 3 Hear how other local organisations have deployed SharePoint solutions
- 4 Network and meet with experts to discuss your requirements

TEAM COLLABORATION | INTRANET | WORKFLOW | BUSINESS INTELLIGENCE | CONTENT & DOCUMENT MANAGEMENT | SEARCH
